ESEA Flexibility Waiver

With Ohio's ESEA Flexibility Waiver, districts will have flexibility from sanctions and reporting requirements previously mandated in ESEA. In order to receive this flexibility, Ohio has agreed to:

- Adapt college-and-career-ready expectations,
- Dedicate more resources to close sub-group achievement gaps, and
- Implement an evaluation system that will support effective instruction and leadership.

ESEA Waiver Extension

- Submitted to USDoE on March 31, 2015.
- Waiver copy is available on the ODE website.

CCIP Title I Carryover Waiver Messages

The carryover limit has not been exceeded. No Title I Carryover Waiver is required for this year.

The carryover limit for Title I has been exceeded. However a carryover waiver was requested in Fiscal Year 2014 so a waiver cannot be requested this year. As a result, (\$693,157.89) of Title I allocation will be swept. A carryover waiver may only be requested once every three years.

The next carryover waiver will be available in Fiscal Year 2017.

The Carryover percentage for Title I is calculated as follows:

$$\frac{(\text{Previous Year Outgoing Carryover Amount} - \text{Current Year 9/30 Report Amount} - \text{Previous Year Additional Allocation})}{(\text{Previous Year Original Allocation} + \text{Previous Year Reallocation})}$$

If this amount exceeds 15%, the excess will be swept unless a carryover waiver is available and requested.

Community Eligibility Provision

Community Eligibility is a provision that helps schools and districts in high poverty communities meet eligibility to serve **no-cost lunches and breakfasts to all their students.**

Districts must apply through the Ohio Department of Education, Office for Child Nutrition. Call 1-800-808-6325 to ask questions.

<http://education.ohio.gov/Topics/Other-Resources/Food-and-Nutrition/Resources-and-Tools-for-Food-and-Nutrition/Community-Eligibility-Option>

Community Eligibility Provision Requirements for Schools

- As of April 1, 2015 determine the school(s) has a minimum of 40% “identified” students based on enrollment (not free and reduced count).
- Agree to serve no cost lunches and no cost breakfasts to all students for up to four consecutive years in approved schools.
- Agree to cover with non-federal funds any costs of providing no cost meals to all students above amounts provided in federal meal reimbursements.
- Do not collect free and reduced price applications from households for the purpose of the school meal program in participating provision schools.
- Maintain a total count of breakfasts and lunches served to students at the point the students receive the meal.

Determining School Eligibility

School eligibility is based on the number of students who meet the “identified” definition.

Certified free using methods other than a paper free and reduced meal application.

These include students who are:

- Directly certified for free meals on the basis of their participation in the Supplemental Nutrition Assistance Program or Ohio Works First and the extension of benefits to students within the same household.

Determining School Eligibility

Maintenance Of Effort

Maintenance of Effort (MOE)

Two types of MOE: ESEA & IDEA

PROGRAM SELECTION

Please select one of the available MOE programs.

ESEA (Elementary and
Secondary Education
Act)

IDEA (Special Education)

What Is the Difference?

IDEA examines the amount a district expends on meeting the needs of students with disabilities. It uses four methods for determining MOE. Expenditures must equal or be greater than the amount expended the previous year.

- Did the district maintain financial support for students with disabilities from one year to the next?

Determining IDEA MOE

- Local Fund Expenditures 2013 ~ 2014
- Local Fund Expenditures Per Pupil Comparison 2013 ~ 2014
- Local and State Fund Expenditures 2013 ~ 2014
- Local and State Fund Per Pupil Expenditure Comparison 2013 ~ 2014

ESEA MOE

Examines the amount the district expends on providing an education to students compared to previous year. District is required to spend at least 90% of what it spent last year, either by Per Pupil Expenditure (PPE) or by General Fund Expenditure (GFE).

- Did the district maintain financial support for students from one year to the next?

Two Ways to Pass ESEA MOE

- General Fund Expenditure (GFE): Expend at least 90% of last year from State and Local funds.
- Per Pupil Expenditure (PPE): Expend at least 90% of last year based on per pupil amounts from State and Local funds.
 - Only takes one Pass to meet MOE
 - Takes two Fails to fail MOE

(Value is based upon the adjusted expenditures of the district for the 2001-02 school year. This is the base amount used to determine the minimum for equitable services.)

Minimum Amount for Equitable Services
(The amount displayed here is the **minimum** service amount required for this nonpublic. The district must calculate how much this nonpublic may receive based on the amount of public professional development expenditures budgeted for the current school year.
